

Dept of Medicine Research Day

7 November 2024 TSCHE

Activity	Leaders	Min	Time
Welcome / Introduction	Kathleen Cooney MD Chair, Dept of Medicine	5	8
Keynote / MGR	Mark Gladwin MD Dean, Univ of Maryland School of Medicine	55	805-9
Emerging DOM Research <i>Moderators: Luo & Crowley</i>			
DoM Research Development Council Update	Xunrong Luo MD PhD & Matt Crowley MD	15	9-915
Research Presentations	Joshua Parsons MD PhD , Assistant Prof, Infectious Diseases <i>Why do antibiotics fail? Clinical and mechanistic insights into multidrug-tolerant Escherichia coli</i> Deepshikha Ashana MD MBA , Assistant Prof, Pulmonary, Allergy, & Critical Care Medicine <i>Inequities in critical care medicine</i> Charity Oyedeji MD , Assistant Prof, Hematology <i>The SILVR Study: Identifying Geriatric Syndromes in Adults with Sickle Cell Disease using the Sickle Cell Disease Functional Assessment</i>	15 each	915-10
Coffee break	All	15	10-1015
Featured DOM Research <i>Moderators: Daubert & Blasi</i>			
Oral Abstracts	Catherine Sims MD MHS , Clinical Associate, Rheumatology <i>The Clinical Utility of Serum BAFF Levels in Pregnant Patients with SLE</i> Somenath Datta PhD , Postdoctoral Associate, DMPI <i>Potentiated JAK-STAT signaling differentiates stem cell-derived podocytes of APOL1-associated FSGS patients from those of healthy carriers with high-risk APOL1 genotype</i>	5 each	1015-1030
Research Spotlight	Jonathan Campbell PhD , Associate Prof, Endocrinology, Metabolism, and Nutrition <i>Physiology and pharmacology of incretins</i>	35	1030-1105
Research Spotlight	Christina Wyatt MD , Associate Prof, Nephrology <i>One Duke: Leveraging strategic partnerships with institutes and centers</i>	35	1105-1140
Presentation of Research Awards	Scott Palmer MD MHS Vice Chair for Research, Dept of Medicine	20	1140-12
Lunchtime Panel Discussion <i>Moderator: Taylor</i>			
Boxed lunch	All	15	12-1215
Moderated panel discussion with strategic research partners Theme: Driving Duke's "Outrageous Ambitions" through biomedical research	Barton Haynes MD Director, Duke Human Vaccine Institute Adrian Hernandez MD Executive Director, Duke Clinical Research Institute Susanna Naggie MD Director, Clinical and Translational Sciences Institute Chris Newgard PhD Director, Duke Molecular Physiology Institute Svati Shah MD MHS Director, Precision Genomics Collaboratory	75	1215-130
Poster session	All		130-230
