

DDW Conference Agenda

Saturday, May 06, 2017

10:22 am to 10:44 am	<p>Katherine Garman, MD- Empowerment, Success and Safety of Women in Gastroenterology: "Impact of Ergonomics and injury in Endoscopy"</p> <p>Location: Room S403a</p> <hr/>
10:44 am to 11:06 am	<p>Andrew Muir, MD- Highlights from the Guidelines on the "Role of Elastography in the Evaluation of Liver Fibrosis"</p> <p>Location: Room S105bcd</p> <hr/>
10:45 am to 11:00 am	<p>Rodger Liddle, MD- Research Forum: Basic Science and Research in Pancreatic Disorders. "PIEZO1, A Mechanically Activated ION Channel, Mediates Pressure-Induced Pancreatitis"</p> <p>Location: Room S101a</p> <hr/>
12:00 pm to 2:00 pm	<p>POSTER SESSION</p> <p>Ahmad Farooq, GI Fellow: "Novel Immunomodulatory Role of Aspartate and NMDA Receptor in Acetaminophen Induced Liver Toxicity and Acute Pancreatitis"</p> <p>Amit Patel, MD: "Upper Esophageal Sphincter (UES) Metrics on High-Resolution Manometry (HRM) Differentiate Achalasia Subtypes"</p> <p>Katherine Garman MD, Dawn Provenzale MD, Jill Moore, MD, Nancy McGreal, Shein-Chung Chow, MD., Melissa Garrett, MD, Krista Edelman, GI Fellow: "Endoscopy- Related Musculoskeletal Injury in AGA Gastroenterologist is Common While Training In Ergonomics is Rare"</p> <p>Andrew Muir, MD: "Viral Hepatitis"</p> <p>Location: South Hall</p> <hr/>
4:00 pm to 5:30 pm	<p>Ziad Gellad, MD- Clinical Symposium: "Linking Quality and Reimbursement in Inflammatory Bowel Disease"</p> <p>Location: Room S105bcd</p> <p>Rebecca Burbridge, MD- Moderated Session- "Endoscopic Management of Chronic Pancreatitis"</p> <p>Location: Room S401</p>

DDW Conference Agenda

Sunday, May 07, 2017

10:30 am to 10:45 am	Dawn Provenzale, MD- Research Forum: "Predictors of Timely Colonoscopy after a Positive Fecal Immunochemical Test (FIT) in the Confirm Study" Location: Room S403b
12:00 pm to 2:00 pm	POSTER SESSION Brain Sullivan, GI Fellow, Dawn Provenzale, MD- "Colorectal Cancer Risk Factors in Veterans with and without Adenoma Multiplicity in a Screening Cohort" Anna Mae Diehl, MD, George Dalton, Ph.D. & Marzena Swiderska-syn: "Hedgehog-Dependent Yap Signaling Activates Serine Biogenesis and Glutaminolysis to Promote Hepatic Stellate Cell Transdifferentiation" Location: South Hall
12:30 pm to 1:45 pm	Ziad Gellad, MD- Meet the Investigator/Luncheon: "How to Conduct Quality Improvement Research, M07" Location: Room S402
2:45 pm to 3:00 pm	Manal Abdelmalek, MD, Anna Mae Diehl, MD- "Changes in Fibrosis, But Not the NAFLD Activity Score (NAS) Are Associated With Disease Progression in Patients with Nonalcoholic Steatohepatitis (NASH) and Advanced Fibrosis" Location: South Hall
4:00 pm to 5:30 pm	Krista Edelman & Gabe Mansouraty, GI Fellows- Committee Sponsored Symposium: "Voice-of-the-Veteran Analysis: Implementation of a Revised Pathology Letter after Colonoscopy" Location: Room S406b
5:05 pm to 5:30 pm	Scharles Konadu & Alyson McGhan, GI Fellows- Committee Sponsored Symposium: "The Boston Bowel Preparation Scale: Introduction of a Valid and Reliable Tool to the DVAMC Endoscopy Unit" Location: Room S100c

DDW Conference Agenda

Monday, May 8th, 2017

8:30 am to 8:45 am	<p>Andrew Muir, MD: "Prospective Validation of the Enhanced Liver Fibrosis (ELF) Test for the Prediction of Disease Progression in a Randomized Trial of Patients with Primary Sclerosing Cholangitis"</p> <p>Location: Room S403a</p> <hr/>
10:00am to 11:30am	<p>Nigel W. Bunnett, Ph.D., & Anna Mae Diehl, MD: "Mechanisms of Bile Acids in Intestinal Disorders"</p> <p>Location: Room S105a</p> <hr/>
12:00 pm to 2:00 pm	<p>POSTER SESSION</p> <p>Amit Patel, MD: "Elevated Intrabolar Pressure (IBP) as a Marker of Structural Esophagogastric Junction (EGJ) Process when Integrated Relaxation Pressure (IRP) is Normal on Esophageal High Resolution Manometry (HRM): A Validation Study"</p> <p>Jennifer Huynh, Filippo Caremoli, James Sinnott-Smith, Steven H. Young, Rocco Latorre, Roberto De Giorgio, Rodger A. Liddle, Enrique Rozengurt, Catia Sternini: "Bitter Taste Receptor T2R138 in Mouse Enteroendocrine Cells is a Sensor for the Quorum Sensing Molecule, Acyl-Homoserine Lactone"</p> <p>Location: South Hall</p> <p>Amit Patel, MD- "Obesity is Associated with Increased Esophageal Symptom Burden from Elevated Esophageal Acid Exposure"</p> <p>Rick Wood MD, Rahul Shimpi MD, David Leiman MD, Shai Posner, Ph.D., Matthew Hartwig, MD- "Gastroenterology Reflux Disease Symptom Correlation with Ambulatory pH-Metry and Esophageal High Resolution Manometry in Lung Transplant Candidates"</p> <p>Lihua Ye, Ph.D., Rodger Liddle, MD, John Rawls, Ph.D.: "Dietary Regulation of Enteroendocrine Cell Function is Microbiota Dependent"</p> <p>Location: South Hall</p> <hr/>
12:00 pm to 2:00 pm	<p>Deborah Fisher, MD- Speaking Engagement/ Luncheon: "Personal Branding"</p>

DDW Conference Agenda

Location: Hyatt McCormick

1:30 pm to 1:46 pm Melissa Teitelman, MD- “Digestive Health and Diseases in Women”
Location: Room S106

2:15 pm to 2:30 pm Rebecca Burbridge, MD- AGA Board Review Course: “Diseases of the Biliary Tract”
Location: Room S106

Tuesday, May 9th, 2017

8:00 am to 9:30 am Manal Abdelmalek, MD- Clinical Symposium: “The Emerging Era of Nash Therapeutics: What’s on The Horizon?”
Location: Room S403a

8:00 am to 9:30 am Megan A Adams and Ziad Gellad, MD (Moderators)- Committee Sponsored Symposium: “Tales from the Front Lines: How GI Practices are Using Quality Measurement to Drive Improvement”
Location: Room S102d

9:00 am to 9:15 am Cynthia Moylan, MD, Ricardo Henoa Giraldo, Anna Mae Diehl, MD, Manal Abdelmalek, MD, Susan Murphy, Ph.D.- Research Forum: “Experimental Steathohepatitis”
Location: Room S403a

10:45am to 11:00am Richard Premont, Ph.D., Seh-Hoon Oh, Ph.D. & Anna Mae Diehl, MD: “RNA-Binding Protein IGF2BP3 Regulates Cell Fate Decisions that Drive Cirrhosis Pathogenesis”
Location: Room 403a

12:00 pm to 2:00 pm POSTER SESSION

David Leiman, MD, Shai Posner, Ph.D., Amit Patel, MD- Eosinophilic Esophagitis: “A Diagnosis of Eosinophilic Esophagitis is Associated with Increased Life Implementation Program”

Dawn Provenzale, MD- “Risk Factors of Colorectal Cancer Significantly Vary By Anatomic Site”

DDW Conference Agenda

Dawn Provenzale, MD- "Colorectal Cancer Screening in Barretos Cancer Hospital, Brazil: Initial Results from the First Year of a Pilot Implementation Program"

Ziad Gellad, MD, Tom Finn, GI Fellow- "Physician-Directed Bolus Sedation for Colonoscopy Endoscopy Unit Efficiency and Safety"

Location: South Hall

12:30 pm to 1:45 pm

Deborah Fisher, MD- "Using Social Media in GI Practice: Influence, Learn and Prosper"

Location: Room S402

2:15 pm to 2:30 pm

Amit Patel, MD- Research Forum: "Genetic Polymorphisms Predict Symptom Burden in Patients with Reflux Symptoms"

Location: Room S503

4:45pm to 5:00pm

Anna Mae Diehl, MD: Hepatic Proton Density Fat Fraction Correlates with Histologic Measures of Steatosis and is Responsive to Change in Those Measures in a Multi-Center Nonalcoholic Steatohepatitis Clinical Trial"

Location: Room S403b

4:00pm to 5:00pm

Manal Abdelmalek Moderates "Noninvasive Diagnosis of NASH" Session

Location: Room S403b

5:00 pm to 5:15 pm

Ayako Suzuki, MD, PhD- Research Forum: "Data Mining for Possible Drug –host Interplay in Clinical Phenotypes of Drug-induced Liver Injury"

DDW Conference Agenda
