7:00-10:00 am
Agenda

Poster Viewing Session 7:00-8:00

Research Presentations 8:00-8:45
Pascale Khairallah, MD (PGY-2)
Acid-base and phosphorus homeostasis in chronic kidney disease: results from the chronic renal insufficiency cohort (CRIC) study

Benjamin Peterson, MD (PGY-3)
Majority of out of hospital cardiac arrests are preceded by recent physician encounter

Nicholas Turner, MD (PGY-4)
Implications of reported penicillin allergies in treatment of MSSA bacteremia

Michael Goldstein, MD, PhD (PGY-1)
Targeting nucleolin with an RNA aptamer as a novel cancer therapeutic

Awards Presentations 8:45-9:00

Robert M. Califf, MD Medicine Resident Research Award
To recognize and Honor Internal Medicine House Staff for Excellence in Research
“Clinical Research Provides the connection between scientific discoveries and helping our fellow human beings” —Robert M. Califf, MD

Best Research and QI Project Poster Awards

Joseph C. Greenfield, Jr. Research Mentorship Award
To recognize and honor internal medicine faculty who have used their time and talents to mentor house staff in the fundamentals of research

Family Weekend Reception 9:00-10:00
(All are welcome to enjoy continental breakfast & refreshments)

Poster Session – List of Exhibitors
