

**13TH ANNUAL NORTH CAROLINA RESEARCH TRIANGLE
PULMONARY HYPERTENSION SYMPOSIUM
NOVEMBER 5, 2021**

VIRTUAL WEBINAR

Time	Topic	Speaker(s)*
12:00—12:05pm	Webinar Welcome and Introduction/ Opening Remarks	H. James Ford, MD Terry Fortin, MD
12:05—12:20pm	Pulmonary Hypertension Basics 2021	Terry Fortin, MD
12:20—12:45pm	The Critically Ill PAH Patient	Mazen Al-Qadi, MD Kishand Parikh, MD
12:45—1:00pm	Interactive Discussion: The Critically Ill PAH Patient	Panel and Audience Response Panelists: Mazen Al-Qadi, MD, Kishan Parikh, MD, Terry Fortin, MD
1:00—1:25pm	BMPR2 and TGF-Beta Signaling in PAH—Therapeutic Applications	Nick Morrell, MD University of Cambridge
1:25—1:40pm	Interactive Discussion: BMPR2 and TGF-Beta Signaling in PAH—Therapeutic Applications	Panel and Audience Response Panelists: Nick Morrell, MD, Sudarshan Rajagopal, MD, H. James Ford, MD
1:40—1:50pm	Break	
1:50—2:15pm	Hemodynamic Evaluation of Pulmonary Hypertension—Principles and Best Practices	Ryan Tedford, MD MUSC
2:15—2:30pm	Interactive Discussion: Hemodynamic Evaluation of Pulmonary Hypertension—Principles and Best Practices	Panel and Audience Response Panelists: Ryan Tedford, MD, Terry Fortin, MD, Barbara LeVarge, MD
2:30—2:55pm	Actigraphy as a Metric in PAH Research and Clinical Care	Ioana Preston, MD Tufts University
2:55—3:10pm	Interactive Discussion: Actigraphy as a Metric in PAH Research and Clinical Care	Panel and Audience Response Panelists: Ioana Preston, MD, Kishan Parikh, MD, H. James Ford, MD
3:10—4:10pm	Perplexing PH Cases	UNC and Duke Pulmonary Fellows Moderators—Jordan Whitson, MD, H. James Ford, MD
4:10—4:20pm	Recap and Closing Remarks	H. James Ford, MD Terry Fortin, MD
